

NOTICE OF PUBLIC HEARING

The Board of Directors of the Roaring Fork Water & Sanitation District will hold a public hearing at 3:00 p.m. on Tuesday November 19, 2024 at the District's wastewater treatment plant, 3790 County Road 109, Carbondale, to consider the following changes to fees to take effect on January 1, 2025

- Increase Sewer Service fees from \$139 to \$146 per quarter
- Water Service Fees remain at \$70 per quarter
- Increase Water Usage Rate Tiers as follows.

Water Use:

0-31,500 gallons: \$1.70/1,000 gallons – increase to \$2.00
31,501-135,000 gallons: \$2.00/1,000 gallons – increase to \$3.00
135,001-206,300 gallons: \$3.00/1,000 gallons – increase to \$5.00
206,301 gallons and up: \$5.00/1,000 gallons – increase to \$7.00

There are two components to the rates charged by RFWSD:

- A quarterly fixed service fee for water and sewer *and*
- A consumption charge per 1,000 gallons of water consumed

The proposed rate increase is designed to maintain overall revenue to the District, allowing for water and sewer treatment projects for continuing regulatory compliance and customer water demand. The water use rate structure allows customers to use or conserve by choice.

Water use fees have not changed since 2007 and service fees last increased in 2016. If you would like information on your water usage history to determine how this will affect your quarterly billing or if you have questions on the proposed rate increase, please contact the District office at (970) 945-2144. Written comments may also be submitted prior to the hearing by mailing to PO Box 1002, Glenwood Spring CO 81602 or email to info@rfwsd.com

It is the mission of the Roaring Fork Water and Sanitation District to provide our customers with water and sanitation services on a cost efficient and environmentally friendly basis while maintaining customer satisfaction, regulatory compliance and sound fiscal management.
